

DAX Formula Reference

Protein Supplement Analytics Dashboard | Power BI | India Market | Yogesh Gadekar (YSG)

Calculated Columns CC-01 to CC-05

CC-01

Leucine Adequacy Flag

Column

```
Leucine_Adequacy =  
IF(  
    protein_supplements_india[Leucine_mg] >= 2500, "Adequate",  
    IF(protein_supplements_india[Leucine_mg] >= 1500, "Borderline", "Inadequate")  
)
```

CC-02

Sweetener Risk Label

Column

```
Sweetener_Risk =  
SWITCH(protein_supplements_india[Sweetener_Used],  
    "None", "Green",    "Stevia", "Green",    "Monk Fruit", "Green",  
    "Sucralose", "Yellow",    "Ace-K", "Yellow",  
    "Sucralose + Ace-K", "Orange",    "Aspartame", "Red",  
    "Unknown")
```

CC-03

Value Tier — Price per gram of protein

Column

```
Value_Tier =  
VAR PPG = DIVIDE(protein_supplements_india[Price_Per_Serving_INR],  
    protein_supplements_india[Protein_Per_Serving_g], 0)  
RETURN SWITCH(TRUE(),  
    PPG <= 5, "Excellent (<=5 INR/g)",  
    PPG <= 10, "Good (5-10 INR/g)",  
    PPG <= 15, "Average (10-15 INR/g)",  
    "Overpriced (>15 INR/g)")
```

CC-04

Safety Alert Flag

Column

```
Safety_Alert =  
IF(  
    protein_supplements_india[Amino_Spiking_Risk] = "High"  
    && protein_supplements_india[Has_Proprietary_Blend] = "Yes"  
    && protein_supplements_india[Third_Party_Certified] = "No",  
    "HIGH RISK - Avoid",  
    IF(protein_supplements_india[Heavy_Metal_Risk] = "High"  
        || protein_supplements_india[Amino_Spiking_Risk] = "Medium",  
        "CAUTION - Verify COA", "SAFE - Buy with confidence"))
```

CC-05

Product Category Short Label

Column

```
Category_Label =  
SWITCH(protein_supplements_india[Category],  
    "Whey Concentrate", "Whey WPC",    "Whey Isolate", "Whey WPI",  
    "Plant-Based", "Plant",    "Mass Gainer", "Gainer",  
    "Creatine", "Creatine",    "BCAA", "BCAA",  
    protein_supplements_india[Category])
```

Measures M-01 to M-15

M-01

Total Products Analyzed

KPI

```
Total Products = COUNTROWS(protein_supplements_india)
```

M-02

Average Protein Per Serving (g)

Nutrition

```
Avg Protein Per Serving = AVERAGE(protein_supplements_india[Protein_Per_Serving_g])
```

M-03

Price Per Gram of Protein

Value

```
Price Per Gram of Protein =  
DIVIDE(  
    AVERAGE(protein_supplements_india[Price_Per_Serving_INR]),  
    AVERAGE(protein_supplements_india[Protein_Per_Serving_g]), 0)
```

M-04

Third-Party Certified %

Safety

```
Certified Products % =  
FORMAT(  
    DIVIDE(  
        CALCULATE(COUNTROWS(protein_supplements_india),
